## Mail Order Pharmacy: Postal Prescription Services (PPS)

Have you considered the benefits of purchasing your routine maintenance drugs through our mail-order program? Home deliveries of these prescriptions not only save you money but also save the health plan money. Using the mail order program, you do not have to drive to the drug store, stand in line, and wait for your prescription to be filled each month. Through the mail order program, a three-month supply of your prescription will be sent directly to your door.

- **Generic (Tier I)**
  - A generic drug will cost \$30 for a 3-month supply by mail order.
- **Preferred Brand/No Generic Available (Tier II)**
  - Requires a 50% co-pay capped at \$150 for a 3-month mail order supply.
- **Non-Preferred Brand (Tier III)**
  - Requires a 50% co-pay capped at \$250 for a 3-month mail order supply.
