

Tuition Discount for Contract Employees

A tuition discount at PCC, PCA, and Nursery is available when at least one parent is a full-time contract employee, and the tuition discount is doubled if the spouse is also employed at least half-time with the ministry. The discount applies to all dependent children of the employee(s), whether natural or legally adopted.

The discount per contract employee is 50% off tuition at PCA and Nursery and 25% off tuition and room and board at PCC. When both contract spouses are eligible, the family can apply both discounts to receive the full tuition discount at PCA and Nursery and 50% tuition and room and board discount at PCC.

Special Conditions Apply as Follows:

Nursery – Child care is available at the Nursery for children between the ages of six weeks through three years while the employee(s) are at work. Families who will be using the nursery should notify the Nursery Director six months in advance of the anticipated due date so that staff can be scheduled. Please let the Nursery Director know the expected due date, length of maternity leave, and number of hours the mother will be working when she returns to work.

Academy – Children who receive the tuition discount are not required to pay for lunches while at school. Other fees and costs associated with schooling, including the annual registration fee, etc., are the parents' responsibility. After-school child care may only be used while the employee(s) are at work.

Dual Enrollment – When taking PCC dual enrollment classes, the PCC tuition discount rate applies to children who may be eligible for the PCA discount.

College – The PCC tuition discount for undergraduate employee children is provided when the student is:

- (a) employed by the ministry in the lowest work category during the school year (Exceptions may be made for students completing a senior internship.)
- (b) in attendance at PCC the semester immediately following high school graduation.
- (c) continuously enrolled without interruption of attendance at PCC for up to 8 semesters.

College students eligible for the tuition discount may not participate in any scholarship or other financial incentive programs offered by the College. However, faculty/staff children who are not otherwise eligible for the tuition discount may apply for financial aid and incentive programs at the College.
