This request for a Power of Attorney is in case a student is involved in an accident or suddenly becomes seriously ill. Local hospitals, in most cases, will not admit a minor for observation purposes without your consent. The law will not allow treatment on minor children without parental or guardian consent. Therefore, it is necessary that you complete and return this form to us prior to registration. No minor using College facilities will be officially enrolled in school until this form is on file. The administration of the College assures you that this power will only be exercised in case of an emergency. If such an emergency arises, an immediate attempt will be made to notify you through one of the emergency telephone numbers.

If the student is attending for the fall semester, this form should not be completed prior to February 1. If the student is attending for the spring semester, this form should not be completed prior to September 15. The form must be notarized and cannot be altered in any way. If a mistake is made, do not cross out, white out, or write over the mistake; you should instead complete a new form. Forms received with cross-outs/white-outs/write-overs will be returned and a new form will need to be completed.
