Dramatic Productions

Cheaper by the Dozen

8 p.m. each night, 2:30 & 8 p.m. on Saturday

Experimental Theater

April 18–20, 22

Time is as precious as money in the 1920s; and with 12 children, efficiency is the only way to run the Gilbreth household. But in this poignant comedy about growing up, Anne Gilbreth has had enough of efficiently racing through school but doing zero school-related activities—so she’s decided she’s going on a date . . . even if it’s with the short cheerleader. Fighting about dates being wastes of time and a dramatic accusation of cheating on graduation papers bring everyone to question the notion of valuing every moment of your time. The audience will laugh, cry, and afterward call their loved ones—because every moment is precious.

In the process, she forms strong bonds with the children—and falls in love with their father, the captain.
