- If in the opinion of the official, a player is exhibiting symptoms/signs or behavior consistent with an "apparent concussion," that player will be removed to seek medical attention and may not return to play until cleared by an appropriate healthcare professional.

Game Format

- Games consist of two 10-minute halves (running clock) with a 2-minute halftime. Teams will shoot opposite their bench for the 1st period and will switch sides at the end of the 1st period (team benches do not switch). Officials will keep the time on the scoreboard in the ice rink.
- **Championship Games:** games consist of two 10-minute halves (2-minute halftime). The clock will be stopped on all dead balls.

- Two opposing players face off to put the ball into play. All other players must be in their defensive zone and no closer than 3 feet.
- Players may move after the official's whistle during the face-off.
- Players are not to touch the ball until after the ball contacts the ice.

Substitutions:

Players may sub during live ball situations, provided the following conditions are met:

- Players leaving the ice must exit at the same place (team bench) from which the substitute is entering the ice.
- Players entering the game must wait until the player leaving the floor is completely off the ice before entering the playing area.
- Players entering the ice after an expired penalty may not participate in play until after touching the centerline.

Penalty: *Indirect shot awarded to the opponent at the spot of the infraction.*

- Goalies must notify the official when substituting and may only sub between periods unless the goalie is ejected or suffers an injury.
- In the last 2 minutes, if a team is down 2 or fewer goals, the goalie may be pulled. However, the substitute loses all rights of the goalie. If the goalie is pulled, the team loses all rights to having a goalie.

Goalie regulations

- Goalies may use a broom, but a broom is not required. If a broom is used, the goalie must always maintain possession of the broom.
- Goalies may use their hands and may catch and/or freeze the ball if some part of their body is in the crease. *If the goalie is completely out of the crease and the ball is frozen, an indirect shot is awarded to the opponent at the spot of the infraction.*
- Goalies have 3 seconds from time of possession to releasing the ball.

Penalty: *Face-off in that zone.*

- When the goalie throws, rolls, or kicks the ball, a teammate must contact it before the ball crosses the center line. If the ball crosses the center line without the goalie's team contacting the ball, the opposing team must be the first to gain possession and control of the ball.

Penalty: *The play will be called dead, and the ball is given to the opposing team's goalie.*

Note: Goalies may use their sticks to pass/shoot the ball without breaking this rule.

- Goalies may not:
 - Cross over the center line
 - High stick when shooting or passing the ball

- Goalies must wear the helmet provided by the Collegian Sports Department. There is optional equipment at the ice rink for goalies to use. Goalies are allowed to wear hockey shin pads, a goalie glove, and/or baseball mitt.

Goals

- A goal is scored when the ball wholly passes over the goal line, between the goal posts, and under the crossbar.
- If the ball was last touched by a defending player, the goal is allowed regardless of the way it entered.
- No offensive player can:
 - Stand or stay in the goal crease when the ball is outside the crease
 - Be in the crease when a goal is scored by a teammate who is outside the crease

Note: An attacking player may be in the crease when the ball is in the crease or he himself is in possession of the ball.

Penalty shots

- Shootouts and penalty shots will be taken from 15 feet in front of the goal line with all players behind and away from the shooter except the goalie.
- At the official's signal, the shooter may dribble the ball as close to the goal as he wishes and take the shot. A shootout or penalty shot may be taken only once by the shooter – no rebounds.
- There is no faking allowed in shootouts or penalty shots. If done, the goal will not count and no retry is awarded.
- High-sticking is not allowed. If in violation, the shot is no good and no retry is given.
- The goalie must remain on the goal line until the ball is touched. Once touched, the goalie may move, but must remain in contact with the crease. If the goalie remains in contact with the crease, he may trap the ball before the shot is taken.
- The goalie may not throw his stick or glove. A goal will be scored if the goalie is in violation whether or not the shot is good.
- If, during a penalty shot, any player on the opposing team causes a distraction or interference, a 2nd penalty shot attempt will be awarded (provided the first attempt was unsuccessful) and a misconduct penalty will be given.
- If a penalty shot is awarded during the game, the following provisions apply:
 - If a goal is scored, play will resume with a face-off at center ice.
 - If the shot is unsuccessful, there will be a face-off at the nearest face-off location.
 - The fouled player must take the penalty shot unless he is physically incapable of doing so. In such a case, the captain will choose from a participating player on the ice. If the goalie is fouled, he will choose a player currently on the ice to take the penalty shot in his place.
