A fast-paced, fun-filled summer of hands-on learning and exploration awaits your child at Discover Day Camp. Children completing grades 1-6 receive quality instruction based on the winning methods of the Abeka curriculum. Our exciting, skill-building activities and games provide children with unique learning opportunities while having fun and making new friends. They will create and explore through innovative activities like

- Computer adventures
- Interactive science experiments
- Planetarium field trips
- Robotics
- Scavenger hunts
- Virtual tours

Lunch, snack, and a rest time are included in the daily schedule.

Discover Day Camp's program is uniquely designed from a biblical perspective. Our desire is to help each child build the academic skills needed for an ever-adapting world while equipping them to show others the love of Christ.
