I understand that: (1) injuries while rock climbing may occur from rope entanglements, objects falling from or being dropped by other climbers, or from contact with anchor points, bolts, or equipment used in climbing; (2) injuries while using the FlowRider may occur by falling or being thrown by the water pressure onto a fixed surface or padded retaining wall, or by contact with the body board; (3) the activities of paintball are physically and mentally intense, injuries while participating in paintball games may occur due to the activity and weaponry involved, and while particular protective equipment and personal discipline will minimize the risk, the risk of injury does exist; and (4) other unforeseeable injuries may occur from these activities.
